I know you think that you're a movie queen

Well, I'm fed up with all your Hollywood dreams

You're just an actress full of double talk

An angel's smile and a devil's walk

I know you think I can't walk out the door

But honey, I've seen this movie before

Now I'm tryin' to get some sleep, but I can't get no rest

You got my head all in a mess

I'd count the sheep, but they all leavin' town

And you're the wolf that run my dreams around

But, I'll be sleepin' for a month or two

Just as soon as I get rid of you
